RE: SB 1089 sections 23 – 29

I am writing to express my support for SB 1089 sections 23 – 29. I am a Board Certified Behavior Analyst working for the Connecticut Center for Child Development in Milford, Connecticut. I urge you to pass this bill as soon as possible.

Licensure for behavior analysts is critical to individuals receiving applied behavior analytic (ABA) services within the state of Connecticut. Licensure will protect consumers of services by providing additional regulation of the practice of ABA.

Sincerely,

Tania Vidosevic, M.S., BCBA
